These condensed interim financial statements have been prepared by management on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred ongoing losses. A number of alternatives including, but not limited to completing a financing, are being evaluated with the objective of funding ongoing activities and obtaining additional working capital. The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future and repay its liabilities arising from normal business operations as they become due. In particular, the Company's significant accounting policies which were presented in Note 3 to the Financial Statements for the fiscal year ended March 31, 2017 have been consistently applied in the preparation of the Company's interim financial statements.

The Company's interim financial statements are unaudited. Financial information in this report reflects any adjustments (consisting of normal recurring adjustments) that are, in the opinion of management, necessary to the fair presentation of the results for the interim periods in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board.
