Aurelius Announces Closing Final Tranche of Financing

Vancouver, BC - Aurelius Minerals Inc. (TSX.V: AUL) (the "Company" or "Aurelius") announces that it completed the final tranche of its non-brokered placement offering (the "Offering") of 2,000,000 common share units ("Common Share Units") at a price of \$0.05 per Common Share Unit for aggregate gross proceeds of \$100,000.

Each Common Share Unit consists of one common share of the Company (a "Common Share") and one common share warrant ("Common Share Warrant"), with each warrant entitling the holder thereof to acquire one Common Share at a price of \$0.06 per Common Share for a period of two years following the closing of the Offering.

The Issuer intends to use the gross proceeds from this issuance of the Common Share Units for general corporate purposes. There is no commission payable on the final tranche.

Including the proceeds disclosed in the March 29, 2019 press release announcing the previous closings of the Offering, the Company issued an aggregate of 9,800,000 flow-through shares at a price of \$0.05 per flow-through share and 9,100,000 Common Share Units at a price of \$0.05 per Common Share Unit for aggregate gross proceeds for the Offering of \$965,000.

The Offering is subject to receipt of applicable regulatory approvals including the approval of the TSX Venture Exchange.

The securities issued in connection with the offering are subject to a standard four month hold period expiring August 17, 2019. Any securities that may be issued under subsequent tranches will also be subject to a standard four month hold period from the date of issue.

This new release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will be not be registered under the United States Securities Act of 1933 as amended (the "1933 Act"), or any state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of U.S. persons (as defined in Regulation S under the 1933 Act).

About Aurelius

Aurelius is a well-positioned gold exploration company focused on advancing two district-scale gold projects in the Abitibi Greenstone Belt in Ontario, Canada, one of the world's most prolific mining districts; the 968-hectare Mikwam Property, in the Burntbush area on the Casa Berardi trend and the 12,425-hectare Lipton Property, on the Lower Detour Trend. In 2018, Ontario converted its manual system of ground and paper staking and maintaining unpatented mining claims to an online system. All active, unpatented claims were

converted from their legally defined location to a cell-based provincial grid. The Mikwam Property is comprised of 9 legacy claims consisting of 69 Cell Claims including 29 Single Cell Mining Claims (“SCMC’s”) and 40 Boundary Cell Mining Claims (“BCMC’s”). The Lipton Property is now comprised of 57 legacy claims consisting of 721 Cell Claims, 563 SCMC’s, 143 BCMC’s, and 30 “internal” and overlapping (i.e., two occupying the same space) BCMC’s. The Company has a sound management team with experience in all facets of the mineral exploration and mining industry who will be considering additional acquisitions of advanced staged opportunities in the Abitibi and other proven mining districts.
